

# HOLIDAYS & JESUS CHECKLIST

- 
- Invite your child's friend and their family over for a shared meal. Get to know them and invite them to church.
  - At dinner, play 'highs and lows' but add 'How I saw God work today'. This will encourage the family to look for God throughout the day so they have something to share in the evening.
  - Make a playlist with everyone's favorite worship song, and favorite Christmas song. Play it after dinner to make chores and nighttime routines more enjoyable for everyone. Mixing worship and Christmas will help you and your family keep Jesus at the center.
  - Pray over every gift as you wrap it. Invite your kids to lay their hands on the items with you as you bless the person who is receiving the gift.
  - Work with your family members to make a prayer list. Write all of the needs down and then every time you gather for something (dinner, games, movie night, etc) tack on a five-minute prayer time for those in need this holiday season.
  - Have a worship night with friends and neighbors-singing Christmas carols and modern worship songs together.
-
